Coleus Main Street is a vibrant, bushy plant series prized for its colourful foliage and versatility. Growing 40–90 cm tall and 30–60 cm wide, it thrives in sun or shade and moist, well-drained soil. Perfect for borders, beds, and containers, it provides bold, season-long colour with minimal care.

## Coleus Stained Glass Window

Presidio Velvet Spacecake Le freak Royalty

Coleus Stained Glassworks varieties grow to about 45–60 cm tall and wide, thriving in full sun to partial shade. They prefer moist, well-drained soil and are heat-tolerant, offering bold, vibrant foliage that adds lasting colour and texture to gardens and containers.

## Coleus Great Falls

Yosemite Angel Niagara

Coleus 'Great Falls' is a compact, trailing variety with vibrant foliage, perfect for hanging baskets and containers. Growing 20–30 cm tall and spreading 30–45 cm, it thrives in part shade to full sun with moist, well-drained soil. Low-maintenance and colourful all season long.
