Osteospermum

Osteospermum Osticade

Lemon

Yellow

Daybreak

Pink

Osteospermum Osticade™ is a vibrant, early-flowering series with a semi-trailing, mounded habit—perfect for hanging baskets, pots, and garden beds. Growing 20–25 cm tall and 30–36 cm wide, it thrives in full sun. Low-maintenance and heat-tolerant, it's ideal for bright seasonal displays.

Osteospermum Tradewinds

White

Yellow

Pink

Deep purple

Osteospermum Tradewinds is a compact, upright series growing 30–35 cm tall and wide. It features large, daisy-like blooms in a range of vibrant colours, flowering early without vernalization. Ideal for sunny borders, pots, and baskets.

Osteospermum Pop Eye

Golden yellow & peach pink

Light yellow & pink

Yellow amber & imperial purple

Osteospermum 'Pop Eye' is a compact, spreading variety with bold bicolour blooms. Growing 20–30 cm tall and 40–60 cm wide, it’s heat and frost tolerant ideal for beds, borders, and containers in full sun.

Osteospermum Impassion

Pink white

Osteospermum 'Impassion' grows 30–35 cm tall and wide, with striking pink and white blooms from spring to autumn. Drought and frost tolerant, it’s perfect for sunny beds, borders, and containers.
